

Cornerstone for Healthcare

Harness technology
to provide high-
quality care

Employee burnout, staff shortages, and high turnover rates continue to impede healthcare organizations. The increased demand for services and new compliance requirements only add to the pressure, forcing HR leaders to remain nimble.

With Cornerstone's talent management software, you can strategically focus on retaining and developing healthcare workers. Your people will benefit from modern skills training, succession planning, and real-time feedback.

Transform your quality of work and patient care with:

- ✦ Individualized development programs
- ✦ Qualified hiring support
- ✦ Improved ROI by eliminating outdated and disparate technology
- ✦ Supportive continuous learning environments
- ✦ Simplified accreditation reporting

“

Each one of our 7,000+ employees and physicians have different learning styles, assigned regulatory education, time frames for completion – and the list goes on. Cornerstone enables us to automatically deliver targeted training to the right person in less time.”

– **Tracy Hall**, Organizational Development Specialist, MidMichigan Health

“

Within the first month of launching Cornerstone Content Anytime (CCA) in June 2020, we had hit our six-month engagement goal because people were actively going into CCA to take self-directed learning on topics like stress management, diversity, unconscious bias, and racial injustice.”

– **Chelsea Polette**, Learning and Development Consultant, Henry Ford Health System
