

LEADERSHIP EXCELLENCE NETWORKS Coaching Certification Course

National Center for Healthcare Leadership (NCHL) & Leadership Excellence Networks

NCHL advances healthcare leadership by addressing critical issues facing today’s leaders. We champion three premier membership programs including the Leadership Excellence Networks (LENS), US Cooperative of International Patient Programs (USCIPP), and National Council on Administrative Fellowships (NCAF). Each of these programs supports its members through collaboration, education, and research to help them achieve their business goals as they pursue excellence and solutions.

NCHL’s Leadership Excellence Networks has offered a coaching certification course for the past 4 years. We are excited to partner with the Healthcare Coaching Institute for this special offer.
